

CORVENGI

1965, lives and works in Barcelona, Spain

Corvengi's works explore some kind of lost paradise, an ancient and fantastic place inhabited by exotic flowers, wild animals and precious objects. A refined sense of sensuality and exuberance embraces the viewer and takes them to a compelling and imaginary territory. Known as the master of figurative symbolism, Corvengi brings opposite elements together creating new realities that are not subject to any logic inviting the viewer to get lost in them.
